

# NATIVE AMERICAN HERITAGE MONTH

## SUHNUHK DICEMA

### WALNUT DICE

#### INSTRUCTIONS

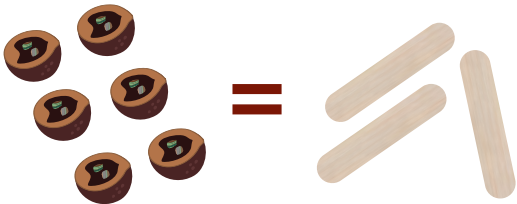

Walnut Dice is played by tossing the dice. The game is played with two individuals or two teams with one Walnut Dice Game set. Players begin by placing all ten counting sticks in a pile in the center.

**Counting sticks are won in these ways:**

ALL DECORATED WALNUT SIDE UP

COLLECT **THREE** COUNTING STICKS

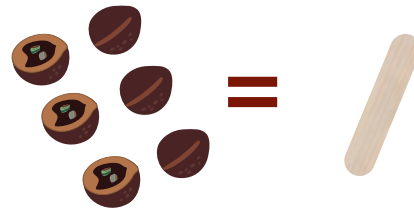

ALL DECORATED WALNUT SIDE DOWN

COLLECT **TWO** COUNTING STICKS

**THREE** DECORATED WALNUT SIDE UP  
**THREE** DECORATED WALNUT SIDE DOWN

COLLECT **ONE** COUNTING STICK

When a counting stick is won the counting stick winner also gets another turn. Then the opponent takes a turn until all the counting sticks in the center are won.

After all the counting sticks in the center are won, the counting sticks winner takes sticks from sticks previously won by the opponent until only one person (group) has all **TEN** sticks.

**Whoever has all ten sticks is the winner!**
